

**Bob Gautreau**

Bob is a professional comic and impressionist who has been in the business since 1978. He spoofs celebrities from Jay Leno to Robin Leach. He has worked clubs, colleges and cruises, as well as HBO and *An Evening at the Improv*.

This guy knows so much about making you laugh, that he teaches other comics. He graduated from Emerson College in 1985 with a BS in Theater Education and has been teaching Stand Up Comedy and Improv Comedy year round at CCAE since 1996

You'll want to take one of his courses after spending an evening laughing with him.
